## About me:

I currently am a Greek Fashion Designer Student in Fashion Design School "Athens Fashion Club" with great interest in Resort Wear although I long in the future to experiment in various types of clothing. I gain inspiration, mostly, from all kind of arts, movies, traditions of different cultures, geography, nature, medicine, science, social issues, psychology, travels and personal experiences.

I love creating new patterns and I am fascinated by exploring the latest color trends and creating color themes and palettes.

I consider myself as a creative, reliable and open-minded person. Also, having worked, as a medical doctor for the past 15 years, it helped me develop many more skills, including successfully handling various type of challenges under circumstances of high pressure.

**Studies:** -Highschool Athens, Greece, 2003

-Degree in Medicine, Athens Medical School 2009

-Specialty in Internal Medicine Dec'20

-Seminar in Fashion Design Nov'-Jan '23, Athens Fashion Club

-Foundation Programme in Fashion Design, since Nov'23, Athens Fashion Club

## Dress with straps

Summer is ultra-light, halter dresses slips on like a second skin. Ultra-feminine details revolve on narrow, graphic straps that cross in front and back. In fluid cotton and fine or silky jersey.

# THE TRENDS SS24

## Slavic tribute Scandinavian and Slavic

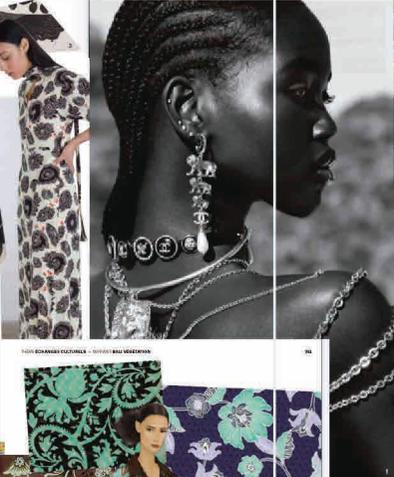

These two-tone, undiluted prints are inspired by and celebrate the flora and fauna of nature in Scandinavian and Slavic countries. Flowers, foliage, animals and abstract decorations are worked in naive, designed color blocks.

À la fois bicolore et épure, cet imprimé inspire de la nature des pays scandinaves et slaves célèbre la faune et la flore. Fleurs, feuillages, animaux et décorations abstraites sont travaillées en aplats naïfs et design.

## Slavic tribute Delicate folklore

Colorful silver or placed micro-embroideries on cotton pieces, sometimes from upcycled archives, sometimes in a new folklore mood.

Mélanges brodés en couleurs et over ou placés sur coton en partie en archives upcyclées et réinterprétées.

## N°1 Ornamental jewelry

We accumulate and play with gold, the most obvious decoration for the body, on bare skin or denim uniforms.

**1. Ornamental bijoux**  
Sur peau nue ou sur uniformes denim, accumulation et jeu pour jouer, comme la parure composée la plus évidente.

## Postmodern graphics Bali vegetation

Inspired by Indonesian vegetation, this or more color prints update flowers in a graphic, naive way. We very pattern in a palette of leaf paper tones and natural colors.

Inspiré des végétations indonésiennes, cet imprimé en couleurs renouvelées et naïves rappelle le monde végétal d'un pays tropical.
